## REHABILITATION SERVICES ADMINISTRATION

Dear Applicant:

The Secretary invites new applications under the Rehabilitation Long-term Training Program. Please take a few moments to read this letter carefully as it includes important information related to the grant competition.

The purpose of the Rehabilitation Long-term Training program is to fund projects for training, traineeships, and related activities, including the provision of technical assistance, to assist in increasing the numbers of qualified personnel trained in providing vocational, medical, social, and psychological rehabilitation services, and other services provided under the Rehabilitation Act, to individuals with disabilities. Projects funded under the present competition must provide basic or advanced training leading to an academic degree or academic certificate in the field of Rehabilitation Counseling.

**There are several factors that will result in automatic rejection of your application. Please be sure your application addresses each appropriately:**

- The maximum funding levels contained in section D of this application kit are strictly enforced. Failure to adhere to them will result in rejection of your application.
- Part III of the application narrative, is where you, the applicant, address the selection criteria used by reviewers in evaluating the application. The applicant must limit Part III to the equivalent of no more than 35 pages, using the following standards:
  - (1) A “page” is 8.5” x 11”, on one side only with 1” margins at the top, bottom, and both sides.
  - (2) You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

If you use a proportional computer font, you may not use a font smaller than a 12-point font or an average character density greater than 18 characters per inch. If you use a nonproportional font or a typewriter, you may not use more than 12 characters per inch.

The page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, you must include all of the application narrative in Part III.

If, in order to meet the page limit, you use print size, spacing, or margins smaller than the standards specified in this notice, the Secretary will not consider your application for funding.

You are required to allow your State Vocational Rehabilitation agency an opportunity to review and comment on your application. Please be sure that this requirement is documented in your

application. **Failure to comply with this requirement will also result in rejection of your application.**

- A minimum of 75% of project funds must be used for scholarships and stipends to students. While waivers may be requested, RSA policy is to grant waivers only to applicants who have never had an RSA training grant, and then, only for the first project year.
- Grants may only support programs that provide recognized academic degrees or academic certificates to their graduates. When an accrediting body exists (such as CORE), the program must either be accredited or in the process of applying for accreditation. Certificates of completion do not qualify as academic certificates, nor do programs that are based on continuing education units (CEUs).
- Applicants must include a detailed description of strategies that will be utilized to recruit and train individuals so as to reflect the diverse populations of the United States as part of the effort to increase the number of individuals with disabilities, and individuals who are from linguistically and culturally diverse backgrounds, who are available to provide rehabilitation services. Applications lacking this information will not be reviewed.
- Section 302 (b) discusses funding projects to conduct academic training that will lead to an academic degree or an academic certificate in vocational rehabilitation program. Section 302 (2) explains the procedures applicants has to follow when submitting their applications. If an applicant does not adhere to these procedures, no grant will be awarded. The instruction on pages H-1-16 may appear to present a required format for applications, however, it does not. It only requires that certain information be included in the application. Please be certain that such information is incorporated in your application narrative.

In addition, there is a feature of this competition that I wish to bring to your attention. The recent reauthorize version of the Rehabilitation Act of 1973, as amended, includes three new requirements for all applicants under the Rehabilitation Long-Term Training program. Each of these must be addressed in your application. Applications that do not include the following information will not be funded:

- (A) a description of how the designed State unit or units will participate in the project to be funded under the grant or contract, including, as appropriate, participation on advisory committees, as practicum sites, in curriculum development, and in other ways so as to build closer relationships between the applicant and the designated State unit and to encourage students to pursue careers in public vocational rehabilitation programs;
- (B) the identification of potential employers that provide employment that meets the payback requirements of the Act (see next bullet); and
- (C) an assurance that data on the employment of graduates or trainees who participate in the project is accurate.

Students who receive scholarship support (called RSA scholars) under Long Term Training program grants are expected to “pay back” their support through paid employment within the

public rehabilitation system or with other nonprofit rehabilitation or related agencies. RSA scholars must be fully informed about their pay back obligations and other requirements before they receive scholarship funds. They must also sign a written payback agreement before they receive funds. Details of payback are described in section E in the program regulations at 386.32-35, and 40-43. Please read these requirements carefully.

- All applicants in this competition should budget for a project director's orientation to be held in Washington, DC. In October of 2000 (tentative). This meeting is usually held just prior to the National Rehabilitation Education Conference (jointly sponsored by RSA, the National Council on Rehabilitation Education and The Council of State Administrators of Vocational Rehabilitation). Grantees are encouraged to attend the National Rehabilitation Conference annually, and may use project funds for this purpose.
- Applications for new projects in response to this announcement should also become familiar with the selection criteria contained in this application kit (see Section F). These criteria will be used by reviewers and Rehabilitation Services Administration (RSA) staff to evaluate all applications. Your application should respond to each identified criterion since failure to do so will put your application at a significant disadvantage.

Reviewers of applications report that an application written in a format that follows the peer review criteria and contains a separate budget section, greatly facilitates the review process. Such a format would appear as follows:

**SECTION A:** Application face page

**SECTION B:** Budget pages/budget narrative

**SECTION C:** Abstract (one page)

**SECTION D:** Narrative (not to exceed 35 pages):

- Relevance to State-Federal Rehabilitation Service Program
- Nature and Scope of the Curriculum
- Project Services
- Management Plan
- Project Evaluation
- Project Personnel
- Project Resources

**SECTION E:** Appendices (assurances/certifications, one-page resumes, bibliography, letters of support, etc)

**Cost-sharing of at least ten percent of the total cost of the project** is required of grantees under the Rehabilitation Training Program. Under 34 CFR 75.562, it is not possible for grantees to identify the difference between a negotiated indirect cost rate and the eight percent maximum indirect cost rate applicable to training grants as the non-Federal share of the cost of a project.

## **EDUCATION DEPARTMENT GENERAL ADMINISTRATIVE REGULATIONS (EDGAR)**

Rehabilitation Training Program grants are subject to the requirements of the Education Department General Administrative Regulations at 34 CFR Parts 74, 75, 77, 79, 80, 81, 82, 85,

and 86. These regulations set forth all general rules affecting application submittal, review, grant awarding, and post-award administration of Department of Education grant programs. Rehabilitation training projects are subject to the requirements for “Intergovernmental Review of Department of Education Programs and Activities,” found in 34 CFR Part 79 of EDGAR. If your State has established a process for intergovernmental review, you must use that process. Applicants should review the material in this kit for information on the intergovernmental review process.

### **APPLICATION PROCEDURES**

Please note that in Fiscal Year 1995 the Department of Education implemented changes in the way continuation grant awards are made. As part of the Administration’s Reinventing Government Initiative, the National Performance Review urged the Department to eliminate the continuation application process and replace it with “yearly program progress reports focusing on program outcomes and problems related to program implementation and service delivery.”

Therefore, **applicants for multi-year projects are required to provide detailed budget information for each of the five project years.** The Department will determine at the time of the initial award, the funding levels for each year of the grant award. RSA requires annual Performance and financial status reports, and uses those reports to determine progress and to make a decision as to whether or not to continue funding the project. These reports must be submitted to the designated RSA Project Officer.

### **APPLICATION TRANSMITTAL INSTRUCTIONS**

You are encouraged to overnight-mail or hand-deliver the original and two copies of the application on or before the closing date that is indicated on the cover of this application kit. Overnight mailing, hand delivery and regular mailing addresses are indicated in Section G (page G-1). It will expedite the review process if four additional copies (for a total of seven – one original and six copies) are submitted to the Application Control Center in Washington, D.C., and a copy is submitted to the respective Rehabilitation Services Administration (RSA) Regional Office.

Applicants may contact their Regional Office Representative for Training or the Competition Manager to discuss any matters relating to this competition. Regional Office Representatives are indicated in Section C of this kit. The Competition Manager is Ms. Sylvia Johnson, who may be reached at (202) 205-9312.

Your concern for the training of skilled rehabilitation personnel to serve persons with disabilities is appreciated.

Sincerely,

**11. Human Subjects.** Check "Yes" or "No". If research activities involving human subjects are not planned at any time during the proposed project period, check "No." **The remaining parts of item 11 are then not applicable.**

If research activities involving human subjects, whether or not exempt from Federal regulations for the protection of human subjects, are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution, check "Yes." If all the research activities are designated to be exempt under the regulations, enter, in item 11a, the exemption number(s) corresponding to one or more of the six exemption categories listed in **"Protection of Human Subjects in Research"** attached to this form. Provide sufficient information in the application to allow a determination that the designated

exemptions in item 11a, are appropriate. **Provide this narrative information in an “Item 11/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page. Skip the remaining parts of item 11.**

If some or all of the planned research activities involving human subjects are covered (nonexempt), skip item 11a and continue with the remaining parts of item 11, as noted below. In addition, follow the instructions in **“Protection of Human Subjects in Research”** attached to this form to prepare the six-point narrative about the nonexempt activities. **Provide this six-point narrative in an “Item 11/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.**

**If the applicant organization has an approved Multiple Project Assurance of Compliance** on file with the Grants Policy and Oversight Staff (GPOS), U.S. Department of Education, or with the Office for Protection from Research Risks (OPRR), National Institutes of Health, U.S. Department of Health and Human Services, that covers the specific activity, enter the Assurance number in item 11b and the date of approval by the Institutional Review Board (IRB) of the proposed activities in item 11c. This date must be no earlier than one year before the receipt date for which the application is submitted and must include the four (4) digit year (e.g., 2000). Check the type of IRB review in the appropriate box. An IRB may use the expedited review procedure if it complies with the requirements of 34 CFR 97.110. If the IRB review is delayed beyond the submission of the application, enter **“Pending”** in item 11c. If your application is recommended/selected for funding, a follow-

up certification of IRB approval from an official signing for the applicant organization must be sent to and received by the designated ED official within 30 days after a specific formal request from the designated ED official. **If the applicant organization does not have** on file with GPOS or OPRR **an approved Assurance of Compliance** that covers the proposed research activity, enter **“None”** in item 11b and skip 11c. In this case, the applicant organization, by the signature on the application, is declaring that it will comply with 34 CFR 97 within 30 days after a specific formal request from the designated ED official for the Assurance(s) and IRB certifications.

**12. Project Title.** Enter a brief descriptive title of the project. If more than one program is involved, you should append an explanation on a separate sheet. If appropriate (e.g., construction or real property projects), attach a map showing project location. For preapplications, use a separate sheet to provide a summary description of this project.

**13. Estimated Funding.** Amount requested or to be contributed during the first funding/budget period by each contributor. Value of in-kind contributions should be included on appropriate lines as applicable. If the action will result in a dollar change to an existing award, indicate only the amount of the change. For decreases, enclose the amounts in parentheses. If both basic and supplemental amounts are included, show breakdown on an attached sheet. For multiple program funding, use totals and show breakdown using same categories as item 13.

**14. Certification.** To be signed by the authorized representative of the applicant. A copy of the governing body’s authorization

for you to sign this application as official representative must be on file in the applicant's office.

Be sure to enter the telephone and fax number and e-mail address of the authorized representative. Also, in item 14e, please enter the month, date, and four (4) digit year (e.g., 12/12/2000) in the date signed field.

## Protection of Human Subjects in Research (Attachment to ED 424)

---

### **I. Instructions to Applicants about the Narrative Information that Must be Provided if Research Activities Involving Human Subjects are Planned.**

If you marked item 11 on the application “Yes” and designated exemptions in 11a , **(all research activities are exempt)**, provide sufficient information in the application to allow a determination that the designated exemptions are appropriate. Research involving human subjects that is exempt from the regulations is discussed under **II.B. “Exemptions,”** below. The Narrative must be succinct. **Provide this information in an “Item 11/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.**

If you marked “Yes” to item 11 on the face page, and designated no exemptions from the regulations **(some or all of the research activities are nonexempt)**, address the following six points for each nonexempt activity. In addition, if research involving human subjects will take place at collaborating site(s) or other performance site(s), provide this information before discussing the six points. Although no specific page limitation applies to this section of the application, be succinct. Provide the six-point narrative and discussion of other performance sites in an **“Item 11/Protection of Human Subjects Attachment” and insert this attachment immediately following the ED 424 face page.**

(1) Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children,

children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) Discuss why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

## **II. Information on Research Activities Involving Human Subjects**

### **A. Definitions.**

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

#### **—Is it a research activity?**

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge, such as an exploratory study or the collection of data to test a hypothesis, it is research.* Activities which meet this definition constitute research whether or not they are conducted or supported under a program which is considered research for other purposes. For example, some demonstration and service programs may include research activities.

#### **—Is it a human subject?**

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.” (1) *If an*

*activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met. (2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

### **B. Exemptions.**

Research activities in which the only involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

(1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.

(2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be

identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, this exemption applies only to research involving educational tests or observations of public behavior when the investigator(s) do not participate in the activities being observed.***

[Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or

alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S Department of Agriculture.

**Section C - Other Budget Information**  
**Pay attention to applicable program specific instructions, if attached.**

1. Provide an itemized budget breakdown, by project year, for each budget category listed in Sections A and B.
2. If applicable to this program, enter the type of indirect rate (provisional, predetermined, final or fixed) that will be in effect during the funding period. In addition, enter the estimated amount of the base to which the rate is applied, and the total indirect expense.
3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. Provide other explanations or comments you deem necessary.

**Section D - BUDGET DETAIL/NARRATIVE**

Attach separate sheets to fully explain and justify the following budget categories in support of the FEDERAL funding request. (Section A) and the no-Federal Funds (Section B). Include sufficient detail to facilitate determination as to allowability, relevance to the project, and cost benefits.

1. Personnel: Show the salary and wages, title, and time commitment of all persons charged to the project. Consultant fees and expenses must be included in Line 8.
2. Fringe Benefits: Include contributions for Social Security, employee insurance, pension plans, etc. Leave blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect cost rate.
3. Travel: Itemize the amount requested for travel of employees only. Travel of consultants, trainees, etc. should not go on this line, nor should local transportation costs for project staff (i.e., where no out-of-town trip is involved); these costs should be listed under the category of "Other".

While all travel must be fully justified foreign travel should be separately identified and justified. No foreign travel will be authorized under the grant unless prior approval is obtained.

4. Equipment: List nonexpendable personal property that has a useful life of more than two years and an acquisition cost of \$500 or more per unit. However, consistent with institutional policy, lower limits may be established. List items of equipment in the following format: Item, Number of Units, Cost per Unit, and Total Cost. Fully justify the need for each item of equipment.
5. Supplies: Include the cost of consumable supplies and materials to be used in the project. These should be items which cost less than \$300 per unit with a useful life of less than two years.
6. Contractual: Show all amounts for each of the Following: (1) procurement contracts (except those which belong on other lines such as supplies and equipment listed above) and (2) grant payments to secondary recipient organizations such as delegate agencies, affiliates, cooperating institutions, political subdivisions, etc. Indicate the name of the agency, organization, or individual that is expected to receive each proposed contract. This should be supported in Part III - Program Narrative.

Note: Whenever the applicant intends to delegate part or all of the program to another agency, the applicant must submit, if available, a copy of the proposed contract or grant payment and any other supporting documentation detailing the activity and required budget of each delegate agency. If the proposed contract or grant payment has not yet been advertised and/or negotiated, the applicant should provide any basis available that was used in developing the proposed contract/grant payment costs. Delegate agencies are not required to submit separate budget information for their portion of the total contractual budget. The total cost of all such agencies will be part of the amount shown on Line 6.

7. Other: Provide an itemized list of all remaining direct costs not clearly covered by lines 1-6 above. Examples are computer use charges, space or equipment rental, consultant costs, communication costs, rental of space, utilities and custodial services, printing materials, and local transportation.

For consultant expenses, give the total number of consultants that will work on the project and their costs (fees, per diem, and travel). Provide the basis for the determination of the rate identified for consultant costs for which Federal funds are requested. The justification should demonstrate how the consultant costs are reasonable, customary and consistent with the established institutional/organizational/agency policy governing consultant costs.

8. Total Direct Costs: Total lines 1 through 8.
10. Total Indirect Costs: Indirect costs are those costs of an organization that are not readily identifiable with a particular project or activity but are necessary for the general operation of the organization and the conduct of its activities.

Indicate your indirect cost rate and the amount of indirect costs to be charged to the project. If no indirect costs are requested, enter "none." This line should be used only when the applicant (except local government(s) has an indirect cost rate approved by the Department of Education (ED) or another Federal agency. Local governments shall enter the amount of indirect costs determined in accordance with ED requirements.

Except for State or local governments (defined in 34 CFR Part 74), the reimbursement of indirect costs for grants under the Rehabilitation Training Program (CFDA 84.129 and CFDA 84.246) and the Training of Interpreters for Deaf Individuals Program (CFDA 84.160) is limited to the lesser of actual indirect costs or 8 (eight) percent of direct costs.

11. Training Stipends: Explain all costs included under the category of Training Stipends. Where scholarship/training awards are requested under the Rehabilitation Long-Term Training program (CFDA 84.129), provide details in supplementary Table I (Schedule of Traineeship Expenses). Your budget request for the Rehabilitation Long-Term Training Program should include only full academic scholarships based on actual length of training and tuition and fee costs for each trainee.
12. Total Project Costs: Total lines 8 and 9.

In addition, provide an itemized list of the sources of all NON-FEDERAL funds which ties to the amounts reflected in Section B.

## **PART III - PROGRAM NARRATIVE AND SCHEDULE OF TRAINEE EXPENSE**

---

Prepare the Program Narrative in accordance with the following instructions. Before preparing the Program Narrative, applicants should carefully review the program regulations contained in this application package, paying special attention to the selection criteria. The Program Narrative must respond to the special emphasis of the specific program for which grant support is being requested and the selection criteria identified in the program regulations.

In addition, applicants should read the applicable parts of the Education Department General Administrative Regulations (EDGAR), 34 CFR. These regulations set forth all general rules affecting application submittal, review, grant award, and post-award administration for Department of Education grant programs.

The recent reauthorize version of the Rehabilitation Act of 1973, as amended, includes three new requirements for all applicants under the Rehabilitation Long-Term Training program. Each of these must be addressed in your application. Applications that do not include the following information will not be funded:

- (D) a description of how the designed State unit or units will participate in the project to be funded under the grant or contract, including, as appropriate, participation on advisory committees, as practicum sites, in curriculum development, and in other ways so as to build closer relationships between the applicant and the designated State unit and to encourage students to pursue careers in public vocational rehabilitation programs;
- (E) the identification of potential employers that provide employment that meets the payback requirements of the Act (see next bullet); and
- (F) an assurance that data on the employment of graduates or trainees who participate in the project is accurate.

**NOTE:** Applicants should refer to the □Dear Applicant□ Letter. It cites the appropriate sections of the program regulations and the applicable parts of EDGAR. The texts of all necessary program statutes and regulations are included in the Rules and Regulations Section of this application package.

Limit the Program Narrative to 35 pages, double spaced, and number pages consecutively. See the □Dear Applicant Letter□ (Section A) for the suggested format. The narrative should be written concisely. Only the required information should be submitted. If appendices or other supplemental materials are included, they must be kept to a minimum and must substantiate what is proposed in the narrative., e.g., the results of a needs survey or letters of commitment from organizations that will have significant involvement with the project. All vitae should be limited to one page in length showing the source and date of earned degrees, experience relevant to working with individuals who are disabled and the person's direct relationship to the project, e.g., how the person will function in the project. Also, use spring clips or rubber bands to hold the application together. Do not use binders, folders, and staples as they must be removed before duplicating applications

**NOTE:** Funded projects will be required to report evaluation findings in the annual progress report (as part of the continuation application) and in the final report at the conclusion of the project.

**IF APPLICABLE, PROVIDE THE FOLLOWING INFORMATION:**

- (a) If a rehabilitation project is in its final year of support and refunding for a new project is being requested, provide a progress report that includes a discussion of all accomplishments to date in achieving project objectives and a schedule of accomplishments or milestones anticipated with the new funding request.
- (b) A listing showing the Federal Domestic Assistance Catalog number, status and amount of each project where there is related previous, pending or anticipated assistance.

### **NOTICE REGARDING SUBMISSION OF TRAINING MATERIALS TO THE NATIONAL CLEARINGHOUSE OF REHABILITATION TRAINING MATERIALS**

For a number of years the Rehabilitation Services Administration (RSA) has provided funding for a National Clearinghouse Rehabilitation Training Materials (NCHRTM). The purpose of the NCHRTM is to provide training materials that would benefit rehabilitation personnel. NCHRTM promotes a computerized on-line catalog of RSA training materials by circulation of its materials collection through electronic catalogs and inventory systems.

The success of the NCHRTM depends largely upon training projects sharing their materials with the NCHRTM. To this end, RSA requires training grantees to submit any training materials developed for their projects to:

## NOTICE TO ALL APPLICANTS

---

Thank you for your interest in this program. The purpose of the enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under the Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103-382).

### *To Whom Does This Provision Apply?*

---

Section 427 of GEPA affects applicants for new discretionary grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.**

### *What Does This Provision Require?*

---

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This Section allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation that you may address: gender, race, national origin, color, disability, or age. Based on local circumstances, you can determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation. Your description need not be lengthy; you may provide clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may effect the ability of certain potential beneficiaries to fully participate in the project and to achieve a high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

---

### ***What are Examples of How an Applicant Might Satisfy the Requirements of This Provision?***

---

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct “outreach” efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

---

### **Estimated Burden Statement**

---

The time required to complete this information collection is estimated to vary from 1 to 3 hours per response, with an average of 1.5 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection. **If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to:**

## COMMON QUESTIONS AND ANSWERS

---

[Below are some examples of Q's & A's that programs may include in their application booklets. Programs may want to add others. Generally speaking, Q's & A's should not repeat information that is given elsewhere in the application. However, there may be exceptions to this "rule of thumb." Q's & A's should not be subregulatory and should not take the place of instructions.]

---

**Q. What happens to my application after it is received in the Department?**

A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all eligible applications sent to a program competition, ranks them and recommends the highest ranked applications for funding with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts. RSA Training Division staff discuss the recommendations with the successful applicants and awards the grants.

---

**Q. What happens to my application if the Department finds it to be ineligible?**

A. The Department immediately returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

---

**Q. How does the Department review an application?**

A. Each application is assessed by knowledgeable persons from outside and sometimes inside the Department who are asked for their judgements about the quality and significance of the proposed project. These persons represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff who comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the responsible official responsible for the program who approves the recommendations for funding.

---

**Q. What Criteria do the reviewers use when scoring an application?**

A. Reviewers score each application using the selection criteria published in the Federal Register as part of the program regulations, which are given in Section F of this application package. Reviewers are instructed to use only the published criteria.

---

**Q. Is a recommended application guaranteed funding?**

A. No. Funding is not final until discussions have been successfully concluded and a grant award notification has been signed by the grants office and mailed to the applicant.

---

**Q. How long does it take the Department to complete the review process?**

A. Most review processes take from four to six months.

---

**Q. How does the invitational, competitive and absolute priorities differ?**

A. **Invitational Priority**

The Secretary may simply invite applicants to meet a priority. However, an application that addresses invitational priorities receives no competitive or absolute preference over applications that do not meet this priority.

**Competitive Priority**

If a program uses weighted selection criteria, the Secretary may award selection points to an application that meets the priority. These points are in addition to any points the application earns under the selection criteria. The notice states the maximum number of additional points that the Secretary may award to applications that meet the priority in a particularly effective way. Or the Secretary may simply select applications that meet the competitive priority over applications of comparable merit that do not meet the priority.

**Absolute Priority**

Under an absolute priority, the Secretary may select for funding only those applications that meet the priority.

**Q. Can changes in the size of subsequent year awards be made after the multi-year budget has been negotiated?**

---

- A. Yes, a grantee can renegotiate his or her multi-year budget and may be awarded additional funds if sufficient justification is presented to the Secretary and funds are available. Also, funds can be decreased if it is determined that the multi-year budget was overestimated.

**Q. How will funding continuation decisions be made if the Department is phasing out the use of non-competing continuation applications after fiscal year 1995?**

---

- A. Grantees will be required to complete annual performance reports that describe the projects' accomplishments, evaluations, and finances. These performance reports, along with other information, will be used by the Department to decide whether to continue funding projects.

## **DUNS Number Instructions**

---

### **D-U-N-S No.:**

Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at not charge by calling **1-800-333-0505** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

**<http://www.dnb.com/dbis/about/intlduns.htm>**

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

DUNS & Bradstreet, a global information services provider, has assigned D-U-N-S number to over 43 million companies worldwide.
